

**One-stop process:**  
Stop only once and  
drive directly to the  
CHEMPARK.

## GATE Truck Processing System

The new automated truck handling system at the  
CHEMPARK - quick and easy for everyone!

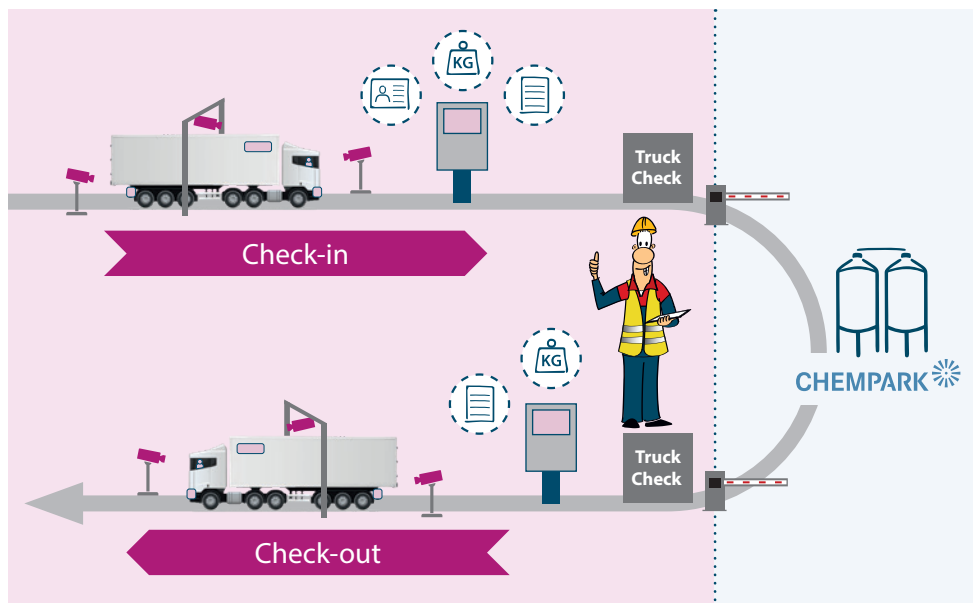

*“Without leaving the truck – super easy!”*

At the combi-lane terminal, I am automatically guided through the entire process, which saves a lot of time and stress.”

Ashley Rade, truck driver

## Automated entry and exit at the CHEMPARK

## Your advantages with GATE

- ✓ **Automatic optical recognition of truck/trailer combination** in check-in and check-out with the latest OCR camera technology (RFID tags are no longer required).
- ✓ **Automated driver identification** with driver card (Your current driver card can be used until further notice).
- ✓ **Automated weighing and receipt printing**
- ✓ **Automatic step-by-step guidance** through the entire process – super simple!

**The check-in process can be completed entirely via the combi-lane terminal – without leaving the truck.**  
Available in 20 languages.     ...

**Short process time:**  
In minutes to the  
CHEMPARK!

***“Straightforward - a real time saver!***

*All I have to do is show my driver card, and the process is fully automatic.”*

Michael Thyssen, truck driver

You can benefit from the advantages with GATE now!

## Driver and equipment registration

### 1 Personal appointment for registration (possible at all locations)

#### Necessary documents for the appointment (in original):
